1996	Mar	Adelaide	Adelaide Festival: watercolours and accompanying drawings: buildings, Sydney, Perth, Adelaide, Broken Hill						Do not know if this was exhibited - letter from Ruth to Michele, 13/10/95: 'selection of [Mervyn's] work for the next Festival of Arts. The director, Barrie Kosky, wanted the architects to get ready a small show of big paintings - each with preparation drawings to go with it. So, of course, the architects picked [Mervyn]. ... 3 architects came out ... they could only use 8 paintings and all of the matching drawings. So they narrowed the choice to Australian works - with buildings.'
